

4th Sat in May thru Aug 31, only artificial lures with barbless hooks. 2 hatchery trout or steelhead, 4 in possession, 2 cutthroat trout over10", 1 Chinnock salmon, and no more than 5 Chinnook salmon over 22" per year.

From Tryon Bridge to Craigs Creek: Closed to fishing all year.

Winter flows take about 5 days to return to normal, 3 days for 80% return. The Smith does not tend to become muddy, so color is rarely an issue.

above bridge is POSTED. But, no sign on north bound side of road.

9 - TWIN BRIDGE S (M 6.6) - Right bank fishable from large cobble. Road down PVT, but fishers trail along south bound side of bridge.

12 - SAND CAMP (M 7.1) - Left bank gravel bar. Fish riffles, pool, and tailout. In high water, deep pools off big rocks, not swingable due to willows in water.
